'Where Play is a learning experience'

Setting Pack Away Policy

This is to make all parents aware that due to the fact we are a pack away setting, when you come to collect your child on a Friday afternoon the equipment will be packed away this will not affect your child's welfare, learning or development as we utilize this time for large physical play, garden play and to also go out on trips within the local environment/ community area.

All Children are safe and away from any furniture or large equipment being moved. Most of the furniture purchased are fixed on wheels, previous furniture has had wheels attached to it to smooth and support the safety of movement. We will arrange an outing in most cases all being weather is not to extreme to go out in.
